### Your own joyous path

Every joy, every treasure, every fulfillment that you could imagine is available to come into your life. It is only your insistence on continuing to need these things that keeps them apart from you.

The moment you stop needing, that's when you start allowing. Your connection to life's abundance is limited only by your failure to see it.

As long as you think of yourself as needing something, you will continue to be without it. As long as you assume that the road to fulfillment is blocked in some way, you will not be able to travel that road.

But the only thing really blocking the pathway is your own perception. Take the first step, and you will see for yourself that the way is clear for you to move forward.

Stop imagining what you need, and start realizing the true and boundless value of what you have.

Allow the abundance that is already yours to express itself as the fulfillment of your most magnificent dreams.

Let go of the need to need. And find your own joyous path through the richness that extends in every direction.

-- Ralph Marston

To: Everett Elementary Principals and All Others Concerned.

Our Kiwanis Club (Silver Lake) would like to again present dictionaries to all third graders in the Everett School District this year in Oct. / Nov.. We need support.

Please forward this request on to everyone whom you think would be or might be interested. One of our club members would be very willing to present this project to anyone ( PTA and others) who want us to continue. It will only take about ten minutes.

**Young Children Priority One**

Children's needs vary from community to community. With *Young Children Priority One*, your club can assess what the youngest members in your area need the most, then address those needs with the full support of Kiwanis International behind you.

Young Children Priority One focuses on children prenatal through age 5 through four areas:

- maternal and child health
- child care and development
- parent education and support

- safety and pediatric trauma

The program lets clubs choose what causes to support, what services to perform and what fundraisers are most appropriate.

Participating clubs hold two service projects for this age group each calendar year.
